SEATS FOR A DEMANDING AUDIENCE

*With its simple and harmonious shape,
the armchair designed by Charaziak Design
Studio meets the requirements of many users.
Thanks to its excellent acoustic properties,
the armchair is the ideal choice not only for
stadiums, but also other entertainment arenas.*

DESIGN:
**STANISŁAW
CHARAZIAK**

Charaziak is a graduate from Academy of Fine Arts in Warsaw, the Faculty of Industrial Design. Since 1996 he has been dealing solely with industrial design. Charaziak defines his projects as ergonomics and user comfort wrapped in an exceptional style. So far he has designed more than 300 chairs, several cabinet furniture systems, cinema seats and auditorium systems, all of which have been produced. He only designs products to be manufactured on a mass scale. For Nowy Styl Group he has created the auditorium systems Oscar, Třugo and Vision, as well as a wooden furniture collection.

Charazbik is a graduate from Academy of Fine Arts in Warsaw, the Faculty of Industrial Design. Since 1996 he has been dealing solely with industrial design. Charazbik defines his projects as ergonomics and user comfort wrapped in an exceptional style. So far he has designed more than 300 chairs, several cabinet furniture systems, cinema seats and auditorium systems, all of which have been produced. He only designs products to be manufactured on a mass scale. For Nowy Styl Group he has created the auditorium systems Oscar, Flugo and Vision, as well as a wooden furniture collection.

The wide comfortable seat, ergonomically contoured backrest and upholstered armrests ensure excellent comfort and highlight the unique character of every venue. Thanks to the use of high quality materials, the armchair makes VIP sectors even more prestigious.

DIMENSIONS*:

* All dimensions are in centimetres.

CHARACTERISTIC FEATURES AND AVAILABLE OPTIONS:

- The supporting structure is hidden in an aesthetically pleasing cover made of metal, thanks to which the chair fastening to the floor is not visible.
- The seat metal frame is embedded in polyurethane foam.
- The upholstery fabric used in this model is non-flammable and easy to maintain. The fabric is also weather-resistant and UV-resistant, so it is perfect for outdoor facilities.
- The armchair can be additionally equipped with an upholstered headrest.
- Row numbering plates are made of aluminium and fixed with rivets.
- The armchair can be fixed to low or high steps.
- The chair is also available as a Levi option. It is fixed to a step riser, which facilitates the process of keeping a facility neat and tidy.

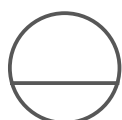

CERTIFIED PRODUCTION:

We manufacture products at a global level. Our chairs are characterised by top quality and the highest durability. In all of our production plants we have implemented the best quality management system: **ISO 9001:2000**. At the same time, we take care of the natural environment. We use the environmental management systems created according to the **ISO 14001** standard in the majority of our factories. This enables us to minimise our impact on the natural environment and confirms that our products contain no heavy metals.
